**March 2022**

**UNDERSTANDING MOVEMENTS FOR  
ACCESSING TECHNOLOGY  
AND COMMUNICATION**

# 1-Day Workshop

- Melbourne
- Adelaide
- Perth
- Brisbane
- Sydney

**Plus:** An online workshop for those unable to travel

## Learning Outcomes

All communication requires movement.

This workshop will support participants to be able to understand movement challenges, how to observe the movements (including neurodiverse individuals) and learn some strategies to support access to technology and communication, which they can use straight away in practice.
